If Julie needs the temp I guess she can stay but she'd have to be gone by the 12th since Zanolli costs more than the temp and we need to make up the difference so we can't really keep her longer than that.

Sounds like the mandatory reassignments are slated to be effective on 7/12? I just spoke with Gene and he said that Lana said that they should be treated as low-profile reassignments with no need for union, HR presence. As with any usual reassignment, the staff need 10 days advance notice, so 7/12 sounds right. Zanolli will be lumped together with all the others. Is it worth it for Julie to retain her temp person for an additional week to cover the function until Zanolli arrives on 7/12?

Can you please tell me who Ciranna Bird's new supervisor will be and confirm the schedule will be Mon-Fri 8:45 - 5:00? I need to get the reassignment letter out on Monday so we can make it effective 7/12. Thanks!
